STATUS	OPEN

CONTRIBUTION TO OUR AIM

The scrutiny panels act as a reviewing mechanism for decisions made relating to the strategic policy, performance and resources required to deliver the ambitions of the Council and its key partnerships. The aim of the scrutiny process is to make sure decision making is robust by providing constructive challenge. This contributes to the Council being effective and efficient, and therefore it is integral to the delivery of the Council Priorities.

EXECUTIVE SUMMARY

This report reflects on the 2019/20 municipal year and the work undertaken by the Health and Adult Social Care Scrutiny Panel. The panel will also consider, within its terms of reference, suggested topics to be included in the 2020/21 work programme.

MATTER(S) FOR CONSIDERATION

1. BACKGROUND AND ISSUES

The appendix to this report summarises the suggested work programme and the panel's likely timetable of activities during 2020/21 to undertake this work. The report will be a live document and progress on each of the work programme items will be monitored throughout the year.

In addition to the work programme items, there will be the opportunity for members to identify agenda items from the forward plan, the Council's quarterly performance and resources report (with a focus on those issues relevant to the remit of the panel) and the tracking of its recommendations. The panel may also respond to issues of public concern.

Members are asked to consider and agree the work programme for the ensuing municipal year.

The panel may also consider any issues it may wish to remove or add to this year's work programme.

2. RISKS AND OPPORTUNITIES

Any actions which the council may undertake as a result of recommendations made by scrutiny will be the subject of further reports, which will include risk assessment(s) by the author(s) concerned.

The work programme demonstrates the breadth of matters considered by scrutiny.
