

1 The Future of Grimsby Town Centre Welcome

The purpose of this consultation is to understand from residents of Grimsby where you want to see the town centre in 10 years' time.

Grimsby was the first town in England to secure investment from Government for improvements in the town centre. Consultation feedback from 2018 was used to develop the first phase of investments that have already started in the town centre, including public realm works at both St James Square, and near Frederick Ward Way and Garth Lane, as well as the refurbishment of Corporation Bridge due to start later this year. A vision to redevelop the western end of Victoria Street is also being developed with a bid to Government for Future High Street Funding this month.

The Government has now extended the 'Towns Fund' programme which means Grimsby can bid again for further funding to invest in the town centre over the next five years. We are also considering what Grimsby might look like after COVID-19 and how funding can be directed towards projects to help with economic and social recovery.

We have started to develop a plan for how the town centre could change in the future. This plan, known as the Grimsby Town Centre Masterplan, will help us decide which ideas to put forward for funding, both from the Towns Fund and other sources of public funding. It will also help guide the Council's future investment decisions over the next 10 years or more.

Your views are important to us

We are seeking your feedback and ideas on the projects we have set out. This is your chance to share your thoughts on the future of Grimsby Town Centre.

Your views and comments are important to us and will help shape the masterplan.

This virtual consultation includes a series of eight further information boards for you to look at, which set out our current thinking and some initial ideas.

If you have any questions about the consultation process, then please contact: consultation@nelincs.gov.uk

How to respond

Please follow the link to the feedback form where you have the opportunity to provide feedback and share your ideas. The consultation period runs from 15th July to 22nd July 2020 and you can access it 24/7.

Next steps

Following this consultation event we will revise the masterplan taking on board your comments from this consultation. As we progress through the Towns Fund process over the next year or two, there will be other opportunities to share your thoughts and ideas with us.

15th to 22nd of July
This consultation

September 2020
Identifying which ideas should be put forward for Government funding

Spring/Summer 2021
Agree terms of funding with Government and develop further detail on projects

Late 2021/early 2022
Award of funds from Government and start of projects
